

“Look for the helpers.”

- Mr. Rogers

Beyond the nurses, firefighters, and social workers, we can all be helpers! We can be a community of helpers. This is just a small step in the creation of a greater helper community. You may never need to use these Helper-ID tags in an emergency. You and that's a great thing. What this does is set you and the numerous other Helpers out there to be there for each other. You might not know their name or where they are from, but in a pinch, you are there to help them and they are there to help you.

What's included in this packet?

1. Helper-ID Keychain (NFC tag)
2. Helper-ID Wallet Card (CODE + PIN backup)
3. Stickers

Each item is a way for a Helper to access your emergency profile.

You now belong to a community of Helpers across the world.
